The Association for Transpersonal Psychology (ATP) is celebrating its 50th anniversary in 2019 with an international conference, “The Future of Transpersonal Psychology: Acknowledging the Past, Honoring the Present, and Envisioning the Future.” ATP invites you to join us in this historic celebration at the beautiful Asilomar Conference Grounds, overlooking the Pacific Ocean.

Over the past 50 years the ATP and transpersonal psychology have made significant contributions to psychotherapy, psychiatry, sociology, anthropology, the arts, business, health care, and other applications. The pioneers of this field will share their experiences and contributions through presentations and informal conversations throughout the conference. This is a once-in-a-lifetime opportunity to meet the transpersonal’s first-generation, its second-generation’s leading-edge contributors, and to be part of its vibrant future generations. There will also be representatives from the many transpersonal associations, the major transpersonal educational institutes, and the transpersonal journals from around the world.

CALL FOR PROPOSALS: If you are interested in presenting a paper, workshop, panel, or poster, go to the ATP website, [www.atpweb.org](http://www.atpweb.org), for more information. The deadline for lecture or workshop proposals is December 15, 2018, and the deadline for poster presentations is December 31, 2018.

REGISTRATION is now open on the ATP website.

If you want to be added to the 2019 ATP Conference email list for conference updates, please contact us at: outreachatp@gmail.com.
